

BECOME YOUR AGENCY'S BILLING PRO

Insufficient information at the time of transport leads to delayed payment, escalating receivables and unnecessary write offs. Gather correct patient and insurance information up front for every trip including self-pay.

VERIFY DEMOGRAPHICS

Ensure proper mail and claim delivery the first time and reduce returned mail by up to 60%.

DISCOVER MISSING INSURANCE

Examine claims and clearinghouses at multiple levels to find every possible payor source and coverage option.

VERIFY INSURANCE

Check insurance eligibility in real time to identify active billable coverage including service type, copay, deductible and other benefit details.

ANALYZE SELF PAYERS

Identify the patients most likely to pay, and pinpoint those who qualify for a hardship discount and probable Medicaid coverage.

CHECK ELIGIBILITY

Make sure a patient is eligible prior to transport. Most agencies spend up to 25% of their time tracking down patient eligibility. Now you can reduce that time by up to 80%.
