

# BUTLER MEDICAL TRANSPORT AGENCY PROFILE:

Butler Medical Transport started in 2001 as a small business with the focused goal of providing dependable, customer service-oriented transportation. From the start, Butler operated with the belief that patients should be treated like family, and although the company has grown to service facilities throughout Maryland, Pennsylvania, and DC, they are still able to provide fast and compassionate service to their customers.

“The Road Safety system was surprisingly effective in dramatically reducing both minor and major crashes, saving us thousands of dollars and paying for itself in no time.”

- Will Rosenberg  
Chief Operating Officer, Butler Medical Transport

MEDICAL TRANSPORT

## LOSS AMOUNT

Butler Medical Transport saw a drastic reduction in costs associated with crashes after implementing Road Safety in 2012.

## MAINTENANCE COSTS

Even though the agency was growing, maintenance costs started decreasing due to the change in driver behavior from Road Safety.
